

MY MEMORY CHEST

N G
V

Do you have a collection of special things? Maybe you like to pick up interesting rocks, colourful leaves or soft feathers? Artist Marr Ground likes to collect things too. They have made this artwork called *Small things to exchange*.

To make this artwork the artist created a wooden chest and sent it to his friends to fill with treasures. This chest contains objects collected by Marr's friend Noel Sheridan. Do you like to share your favorite things with your friends?

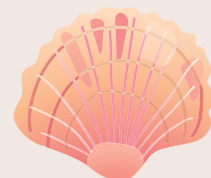

You can create your own memory chest using the template on page three. Decorate with your favourite things and use it to store your special collections.

Marr Grounds and Noel Sheridan *Small things to exchange (Morceau de exchanger)* (1977–1978) (part). National Gallery of Victoria, Melbourne © Courtesy of the artist

You Will Need:

- * An A4 double-sided print out of the template on page three and four.
- * Coloured pencils or markers to decorate
- * Scissors

TO MAKE YOUR MEMORY CHEST FOLLOW THESE INSTRUCTIONS:

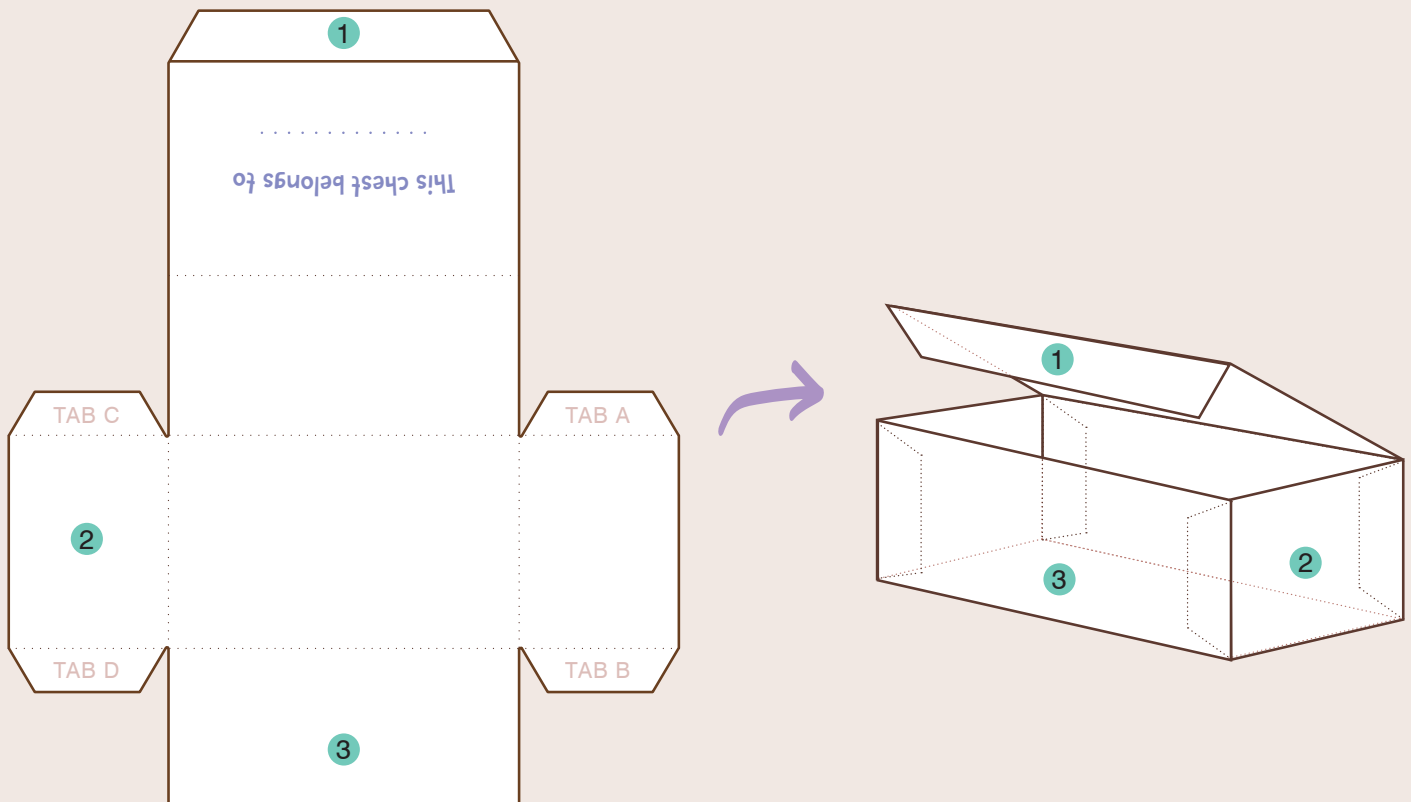

You may need some help from an adult to cut and fold your chest.

SIDE 1 - Outside of Chest

- > Draw your favourite things on the outside of the memory chest template and write your name.
- > Cut out the template following the solid brown solid line.

SIDE 2 - Inside of Chest

- > Fold along the dotted lines on the inside of the template. Then flatten out.
- > Match the two TAB A's and glue together.
- > Match the two TAB B's and glue together.
- > Match the two TAB C's and glue together.
- > Match the two TAB D's and glue together.
- > Do not glue the top flat labeled 1.
- > You ready to put your collection inside your memory chest.
